THE ROUND BRUSHES

RECYCLED
MATERIAL

LONGER
HANDLE

THE ROUND DOUBLE NYLON BRUSH

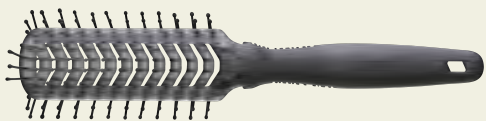

A must-have for barbers seeking precision and efficiency. With heat-resistant nylon bristles and an aluminum barrel, this tool ensures uniform styling with blow dryers, ideal for shaping beards or crafting voluminous short hairstyles. The longer handle provides you with optimal control, making it perfect for use on both hair and beard.

- Best for shaping unruly beards or crafting voluminous short hairstyles
- Heat/Blowdry resistant
- Nylon Bristles
- Aluminum Barrel

THE ROUND BRUSH

- Best for adding shine and volume to both hair and beard
- Boar bristles

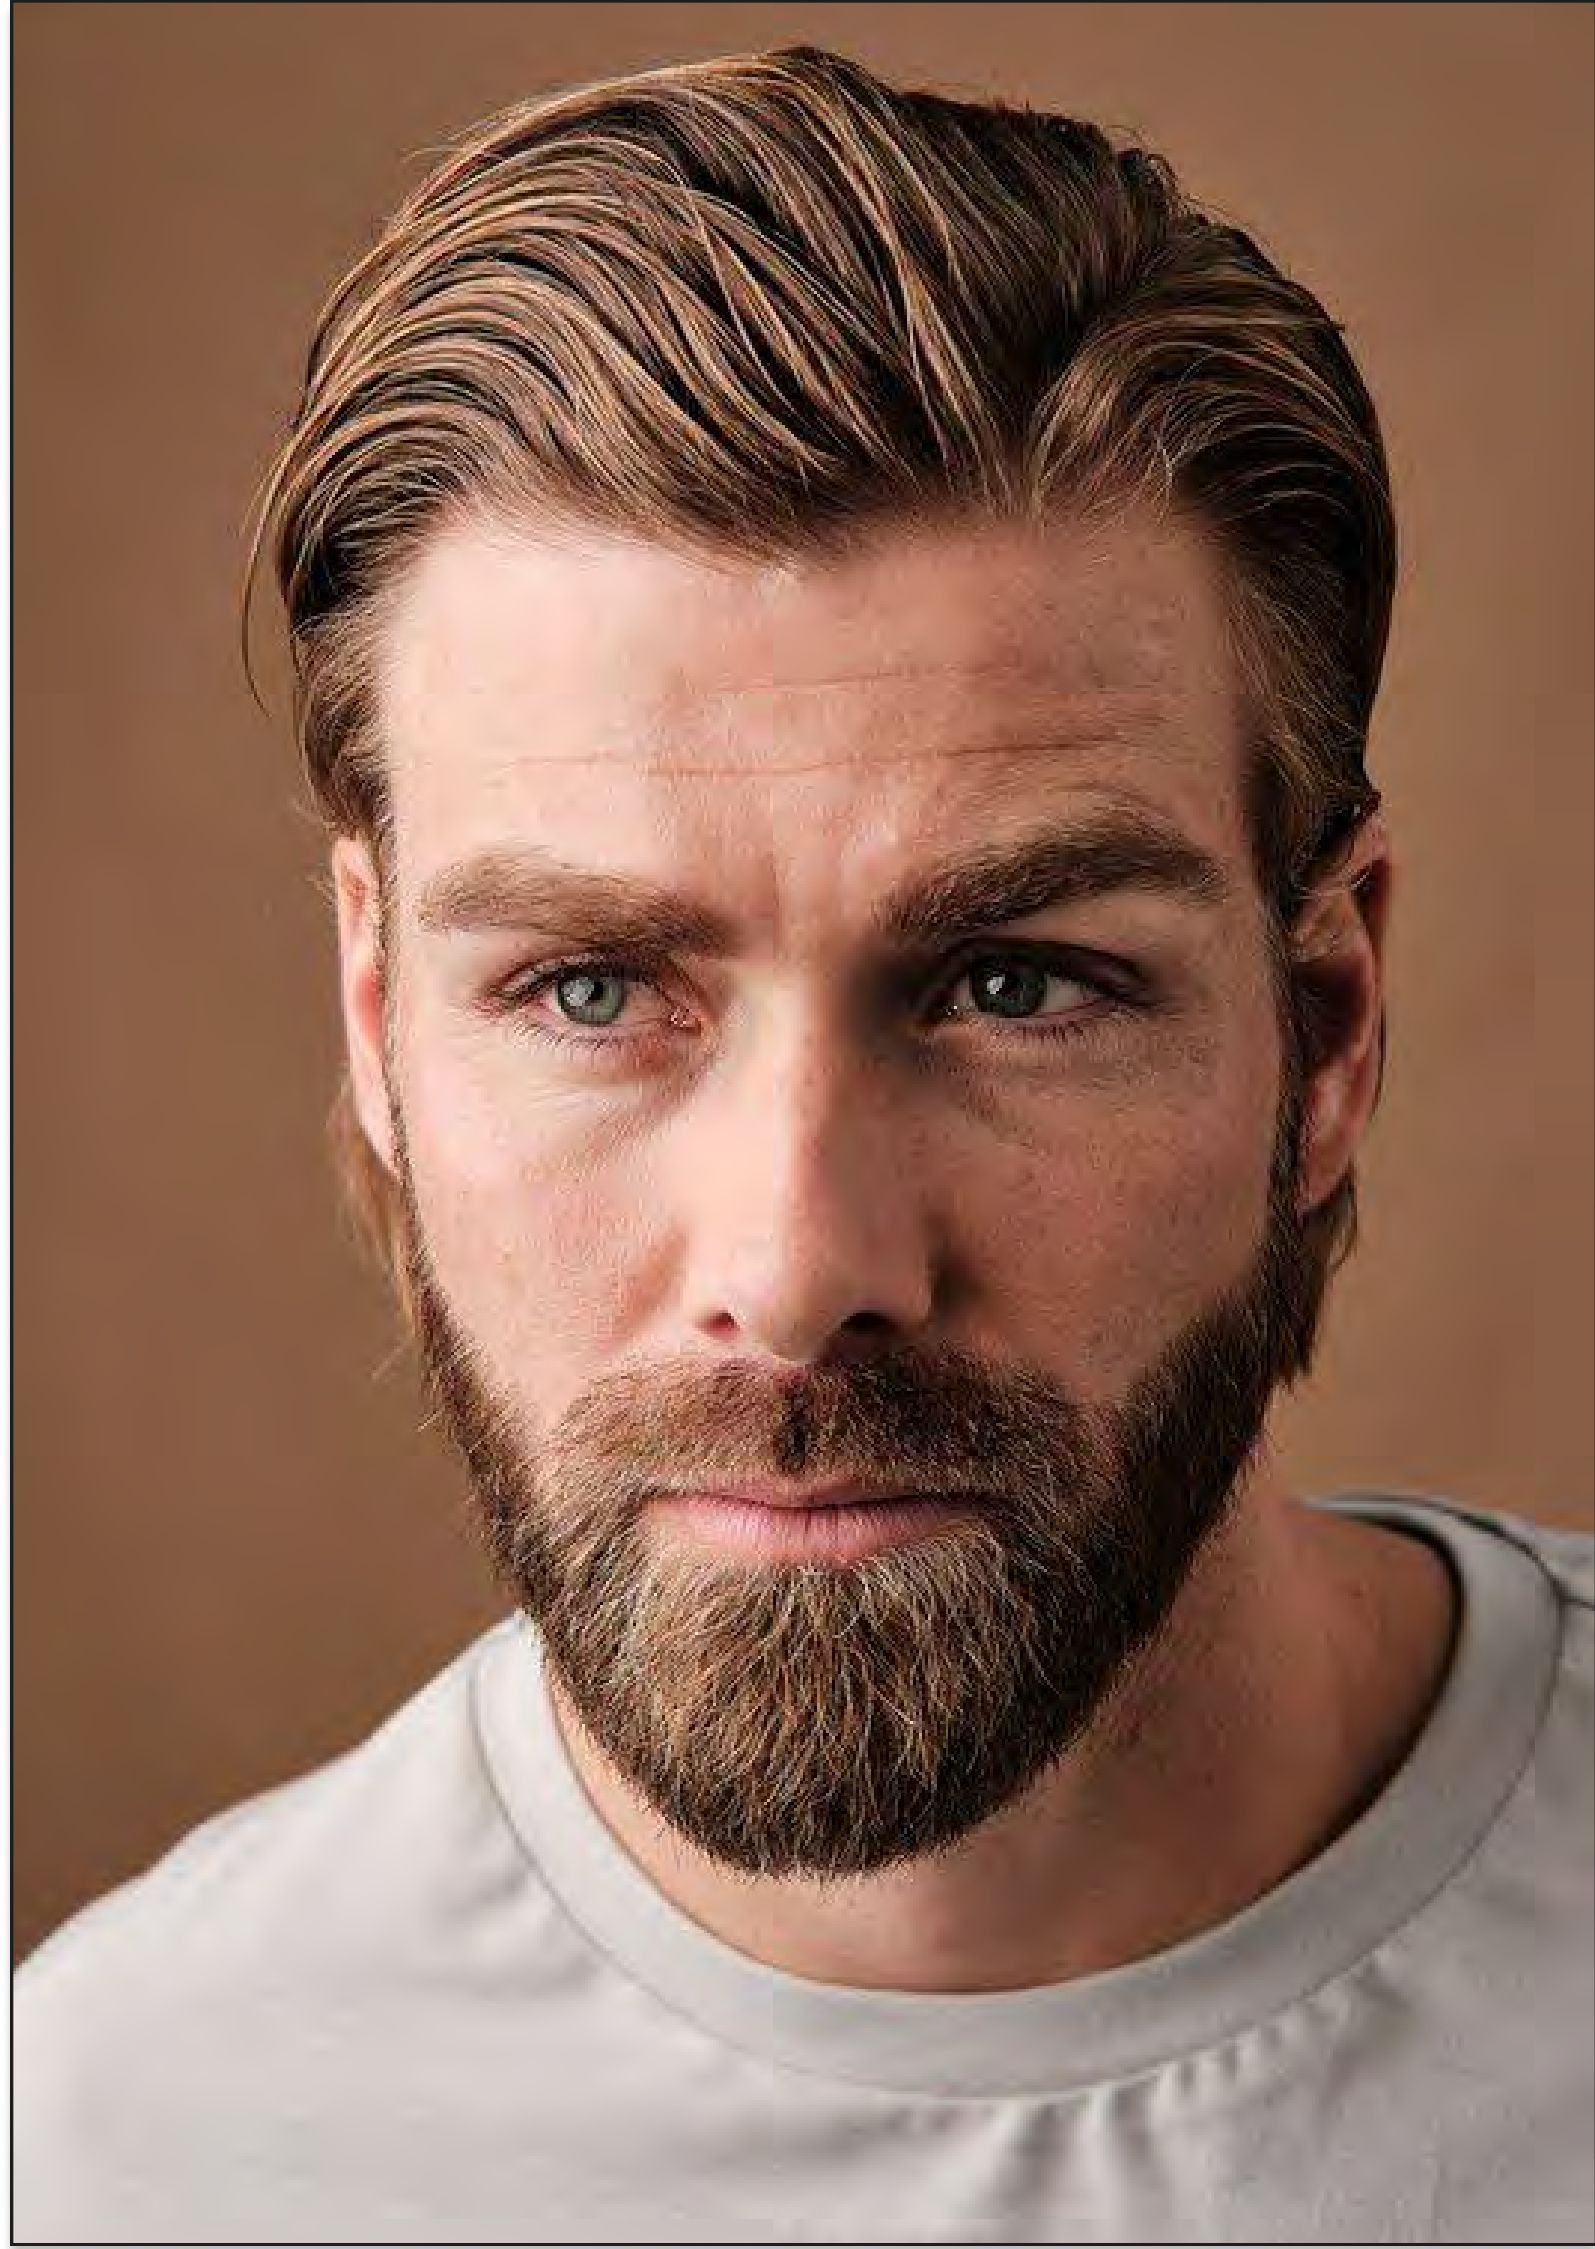

THE VENTED BRUSH

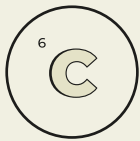

An essential for barbers crafting precise styles for semi-long hair. Its vented design and nylon bristles accelerate drying and detangling, while adding volume from the roots. The longer handle provides you with optimal control, making it perfect for use on both hair and beard.

- Best for speeding up the drying process and detangling semi long hair
- Nylon bristles

THE COMBS

CARBON
ENHANCED

THE CLIPPER COMB

A perfect companion for clippers, designed to make blended and faded haircuts efficient and smooth. Engineered with evenly spaced teeth and an extended length for handling larger sections, this comb enhances precision during styling. Crafted with carbon enhancement for durability, it is tailor-made for use with clippers, ensuring a seamless experience for creating fade haircuts.

- Best for use with alongside clipper
- Unbreakable
- Lightweight

THE CUTTING COMB

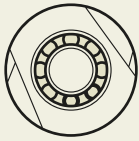

A precision tool tailored for professional cuts with scissors. Designed with different teeth densities, this comb effortlessly manages varying hair lengths, allowing for both detailed and swift cuts. Crafted with carbon enhancement for durability, it also features convenient measure marks (1cm) to ensure accuracy in every cut. Perfect for use with scissors, this cutting comb is an essential companion for barbers seeking precision and efficiency in their craft.

- Best for use with alongside Scissors
- Unbreakable
- Lightweight

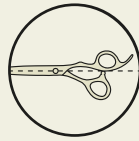

THE SCISSORS

BALL
BEARING

OFFSET
SCISSORS

THE CUTTING SCISSORS 6"

A versatile tool for both hair and beard styling. These six-inch scissors, equipped with convex blades and a ball-bearing tension system, enable precise and fluid cuts, simplifying the styling process. Featuring an offset design for enhanced comfort, these scissors are perfect for achieving seamless results in hair and beard grooming.

- Available for lefties
- To be used on both hair and facial hair

THE THINNING SCISSORS 6"35

A precision tool designed to efficiently remove 30% hair mass. Featuring 35 teeth and an offset design for enhanced control, these thinning scissors are perfect for creating balanced, textured looks with minimal effort. Tailored for use on hair, they offer a versatile solution for achieving professional and stylish results.

- Available for lefties
- EU Thinner
- Removes around 30% hair mass

THE CUTTING SCISSORS 7"

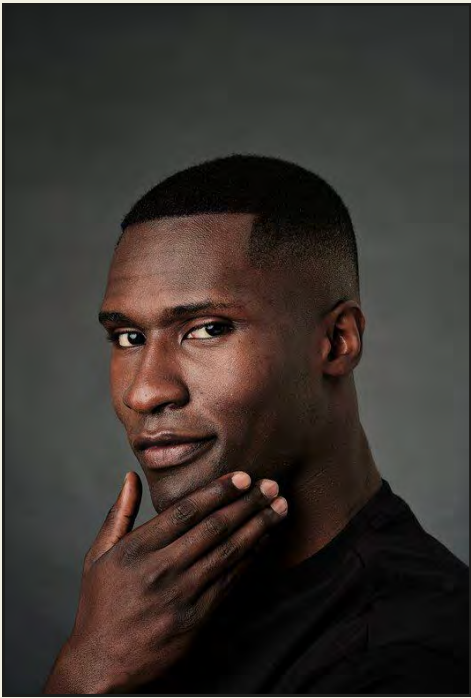

A professional-grade tool designed for precise and fluid cuts. Equipped with convex blades and a ball-bearing tension system, these scissors excel in handling longer sections, larger beards, and the scissors-over-comb technique. These scissors provide exceptional control and efficiency for superior results.

- Available for lefties
- To be used on both hair and facial hair
